## A BILL FOR

1 An Act relating to environmental regulations regarding water  
2 treatment, sewer systems, and household hazardous waste.  
3 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:  
4 TLSB 1159DP 81  
5 tm/pj/5

PAG LIN

1 1 Section 1. Section 455B.173, subsection 8, Code 2005, is  
1 2 amended to read as follows:  
1 3 8. Formulate and adopt specific and detailed statewide  
1 4 standards pursuant to chapter 17A for review of plans and  
1 5 specifications and the construction of sewer systems and water  
1 6 supply distribution systems and extensions to such systems not  
1 7 later than October 1, 1977. The standards shall be based on  
1 8 criteria contained in the "Recommended Standards for Sewage  
1 9 Works" and "Recommended Standards for Water Works" (Ten States  
1 10 Standards) as adopted by the Great Lakes=Upper Mississippi  
1 11 River board of state sanitary engineers, design manuals  
1 12 published by the department, applicable federal guidelines and  
1 13 standards, standard textbooks, current technical literature,  
1 14 and applicable safety standards. ~~The material standards for~~  
~~1 15 polyvinyl chloride pipe shall not exceed the specifications~~  
~~1 16 for polyvinyl chloride pipe in designations D-1784-69, D-~~  
~~1 17 2241-73, D-2564-76, D-2672-76, D-3036-73, and D-3139-73 of~~  
~~1 18 ASTM (American society for testing and materials)~~  
~~1 19 international.~~ The rules adopted which directly pertain to  
1 20 the construction of sewer systems and water supply  
1 21 distribution systems and the review of plans and  
1 22 specifications for such construction shall be known  
1 23 respectively as the Iowa Standards for Sewer Systems and the  
1 24 Iowa Standards for Water Supply Distribution Systems and shall  
1 25 be applicable in each governmental subdivision of the state.  
1 26 Exceptions shall be made to the standards so formulated only  
1 27 upon special request to and receipt of permission from the  
1 28 department. The department shall publish the standards and  
1 29 make copies of such standards available to governmental  
1 30 subdivisions and to the public.  
1 31 Sec. 2. Section 455F.1, subsection 4, Code 2005, is  
1 32 amended to read as follows:  
1 33 4. "Household hazardous material" means a product used for  
1 34 residential purposes and designated by rule of the department  
1 35 of natural resources and may include any hazardous substance  
2 1 as defined in section 455B.411, subsection 2; and any  
2 2 hazardous waste as defined in section 455B.411, subsection 3;  
2 3 and shall include but is not limited to the following  
2 4 materials: motor oils, motor oil filters, gasoline and diesel  
2 5 additives, degreasers, waxes, polishes, pure solvents,  
2 6 lacquers, thinners, caustic household cleaners, spot and stain  
2 7 remover with petroleum base, petroleum-based fertilizers,  
2 8 color cathode ray tubes, and paints with the exception of  
2 9 latex-based paints. However, "household hazardous material"  
2 10 does not include noncaustic household cleaners, laundry  
2 11 detergents or soaps, dishwashing compounds, chlorine bleach,  
2 12 personal care products, personal care soaps, cosmetics, and  
2 13 medications.  
2 14 Sec. 3. Section 455B.220, Code 2005, is repealed.  
2 15 EXPLANATION  
2 16 This bill relates to environmental regulations regarding  
2 17 water treatment, sewer systems, and household hazardous waste.

2 18 The bill eliminates certain material standards for  
2 19 polyvinyl chloride pipe for purposes of planning and  
2 20 specifications for the construction of sewer systems and water  
2 21 supply distribution systems and extensions to such systems.  
2 22 The bill adds color cathode ray tubes to the definition of  
2 23 "household hazardous material". As a result, retailers  
2 24 selling color cathode ray tubes will need to meet permitting  
2 25 and fee requirements.  
2 26 The bill repeals Code section 455B.220 relating to the  
2 27 requirements for certification without examination of  
2 28 operators of water treatment plants and water distribution  
2 29 systems. As a result, all operators will be required to take  
2 30 an examination for certification.
